Model of promoting social reintegration after prison release

SOCIAL REINTEGRATION PROCESS

Correlation of the needs and risks of inmates with the educational programs, psychological support, social assistance and social inclusion approach

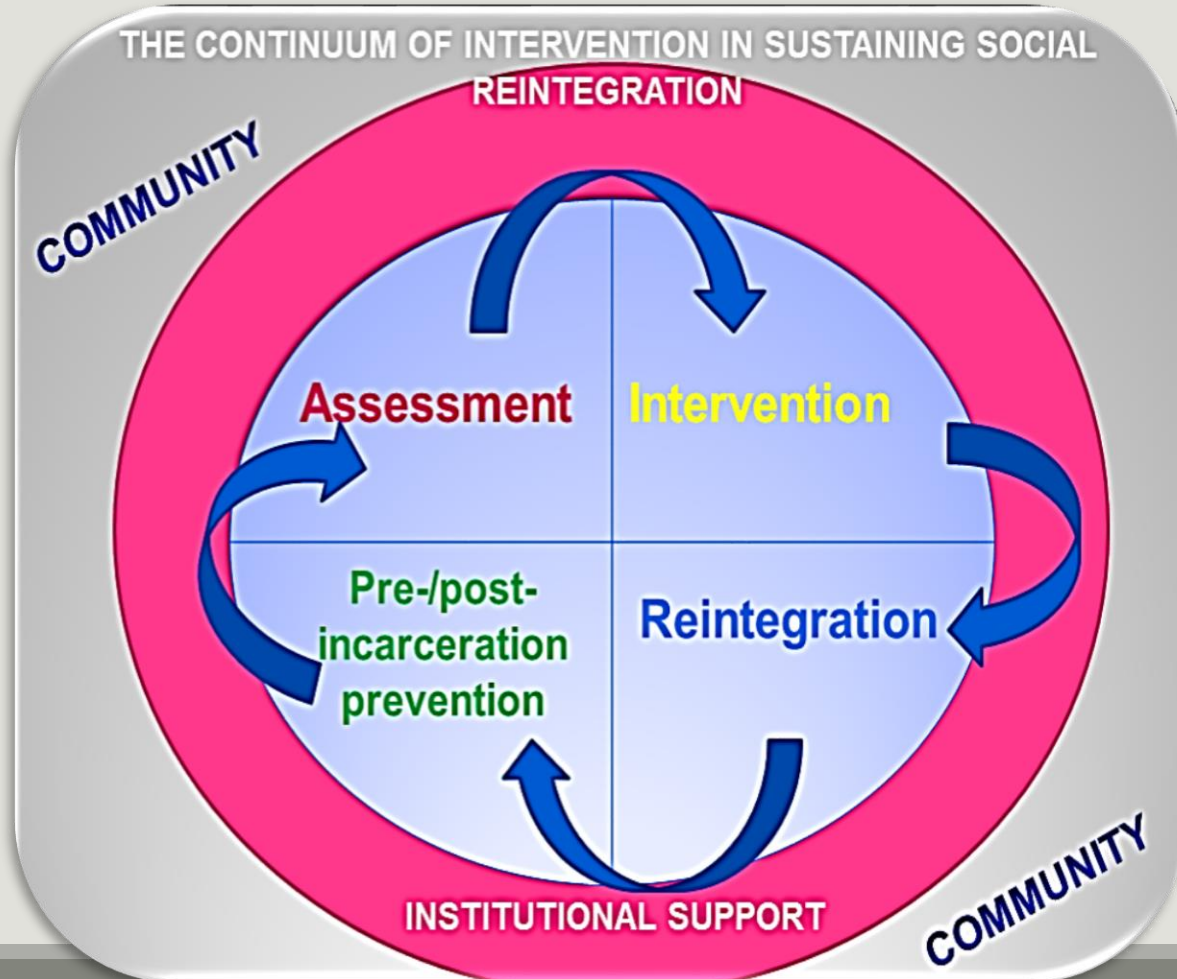

Involving local community, in their dual quality: **partners** of prison service and **beneficiaries** of the whole process of social reintegration

Starting the process from executional phase and naturally **continuing it after the release**

COLLECTION OF GOOD PRACTICES - REINTEGRATION CENTRES

PERSONALIZED HOUSING SUPPORT PROGRAMS FOR REINTEGRATION INTO SOCIETY

The Housing Support Program for Reintegration proposes intervention at a psychological, educational and social level, through psychotherapeutic activities, occupational workshops and labor insertion and integration programs in the environment.

**Reintegration Centre in Vicar (Spain)
(Vivienda de Apoyo a la Reinsercion)**

COLLECTION OF GOOD PRACTICES

**The Centre of Minors "Paco Fernandez" Vicar
(Spain)**
(boys and girls with behavioral problems, aged 12-18)

A multidisciplinary team works in a coordinated way to respond to the needs of children in different contexts (individual, family, residential, school, community, health)

COLLECTION OF GOOD PRACTICES

Therapeutic Community "La Quinta" for drug consumers – Laujar de Andarax (80 km from Almeria, Spain)

The intervention lasts between 6 and 9 months and it's focused on preventing of relapses, developing social abilities, stress management and solving conflicts, through psychological support and occupational therapy.

COLLECTION OF GOOD PRACTICES

L'Ovile manages structures aimed at the rehabilitation of people subject to criminal measures alternative to detention.

Structures are planned as educative setting aimed at social reintegration and reduction of crime risk. Labour integration in the cooperative is part of the educational path.

Gruppo Appartamento Don Dino Torreggiani, Reggio Emilia, Italy
